Coronavirus (COVID-19)

Up-dated 15 March 2020

ACTION PLAN

- My regulatory organisations have said that sessions can continue as normal for the time-being.
- Sessions will be moved on-line if you are unwell or wish to avoid coming to the practice to protect yourself and your family. Just notify me if you would prefer sessions on-line until the situation improves.
- If I am unwell, I will notify you that your session will be conducted on-line.
- I undertake to act responsibly and will not shake your hand and will protect you as much as possible from any contamination whilst you are in the practice.
- Please take all precautions to look after yourself and other citizens by washing hands and using tissues when sneezing and do not attend if you are unwell.
- Please notify me if you should feel unwell so we can take appropriate action and move your session on-line.

ON-LINE SESSIONS

If we need to move your sessions on-line, we will do so using software called Zoom, a secure (HIPAA and DPA compliant) on-line video calling system. I will send you a personal link by email prior to the start of your usual scheduled session time. At the start of your session, please click the link. This will automatically connect with me for your session.
